

## CONTINUING COMPETENCE PROGRAM

Completion of the Continuing Competence Program (CCP) is mandatory for each licensure year (see Bylaw V.1).

Designation(s)    RN    RN(AAP)    NP

I have reviewed the Practice Standard(s) and indicators for my specific designation(s).

Yes    No

### Learning Plan

A minimum of one learning goal is required; however, it is recommended that you choose two or three. Complete for the highest role designation. If you practice in more than one category, you must include learning goal(s) and activities that relate to your primary role and where the learning will most positively impact your competence as a nurse. Indicate the Practice Standard(s) you will focus on this year.

#### [RN Practice Standards](#)

- Standard 1: Professional Responsibility and Accountability
- Standard 2: Knowledge-Based Practice
- Standard 3: Ethical Practice
- Standard 4: Service to the Public
- Standard 5: Self-Regulation

#### [RN with Additional Authorized \[RN\(AAP\)\] Practice Standards](#)

- Standard I: Professional Responsibility and Accountability
- Standard II: Knowledge-Based Practice
- Standard III: Ethical Practice
- Standard IV: Service to the Public
- Standard V: Self-Regulation

#### [NP Practice Standards](#)

- Standard 1: Professional Responsibility and Accountability
- Standard 2: Knowledge-Based Practice
- Standard 3: Ethical Practice
- Standard 4: Service to the Public
- Standard 5: Self-Regulation
- Standard 6: Therapeutic Management

**What will your learning goal(s) focus be based on the Practice Standard(s) you have chosen for this licensure year?**

1. I want to use social media more effectively to keep current on new clinical research specific to my practice area to help benefit students and/or staff members I educate.
2. I want to share my research results via social networks with students and/or staff members as part of these education sessions.

**Add at least one (1) planned activity for each learning goal(s) you have chosen.**

<u>Activity Type</u>	Activity Name	Target Date	Completion Date	In Progress/Carrying Over to Next Year's CCP
Networking	Speak with subject matter experts	December - January	January 27	
Identify gap	Research credible databases to receive research updates	December - February	February 13	
Webinar	Attend a webinar on how to use social media effectively	January 15	January 15	
Create network	Establish social media network group to share information	March-July	July 28	Ongoing

**Evaluation Comments:**

The information I gathered from subject matter experts guided me in the direction I needed to go to discover what types of social media they used/didn't like as well as some possible options to investigate. From these conversations, I completed additional research online into the other social media platforms and spoke with customer service representatives for a few I felt may be more credible resources. I have chosen a couple with current credible research that I could share with my students and colleagues. This would also allow our network group to continue to share their resources with others in the group. Accessing more credible research resources will not only improve my own practice by keeping current but also the students and staff who also work in my unit. This will flow over to the care we provide to our clients.

**Supporting documents (optional):** (including but not limited to Certificate of Attendance, Webinar Registration Confirmation, Transcript, Presentation Evaluation)

Certificate of attendance-How to Use Social Media Effectively

I have completed my CCP Learning Plan and Evaluation.  Yes  No
